TO WHOM IT MAY CONCERN

## RE: BUSINESS RECOMMENDATION LETTER

Reference is made to the above subject.

This is to certify that Twin Beam enterprises offered assets management services to Murang'a south water & Sanitation Company (MUSWASCO). Their services were impeccable.

Above that, they were reasonable and easy to work with due to their excellent interpersonal skills and non-ever compromising results.

They were a game changer in fixed assets solutions and had a positive impact in our organization as far as assets management system is concerned. Our doors are opened for them to work with us again and again

For any additional information please contact us.

Yours Faithfully,

MARY NYAGA  
MANAGING DIRECTOR
