To Whom It May Concern,

RE: LETTER OF RECOMMENDATION FOR TWIN BEAM ENTERPRISES

It is with great pleasure that I highly recommend Twin Beam Enterprises for their exceptional professional services.

On the 9th of May 2024, Twin Beam Enterprises was engaged by The Nanyuki Hospital Limited to undertake the critical task of preparing a comprehensive and accurate Fixed Assets Register. This was a project of significant importance to our organization for financial reporting, audit compliance, and strategic planning purposes.

The team from Twin Beam Enterprises demonstrated outstanding expertise and professionalism throughout the entire engagement. Their systematic approach involved a meticulous physical verification of our assets, cross-referencing them with existing records, and accurately capturing vital details including descriptions, serial numbers, locations, acquisition dates, and values.

We were particularly impressed by:

- **Thoroughness and Accuracy:** Their attention to detail was remarkable, ensuring the final register was a reliable and trustworthy document.
- **Technical Knowledge:** Their understanding of Kenyan accounting standards and asset management best practices was evident throughout the process.
- **Professionalism and Efficiency:** The project was completed within the agreed-upon timeframe with minimal disruption to our daily hospital operations.
- **Clear Deliverables:** The final fixed assets register was delivered in both digital and physical formats, well-organized and easy to navigate for our finance and administration teams.

The service provided by Twin Beam Enterprises has provided our management with a clear and accurate picture of our asset base, greatly enhancing our internal controls and audit preparedness.

We have no hesitation in endorsing Twin Beam Enterprises for any organization seeking professional, reliable, and efficient fixed asset management and valuation services. They are a trustworthy and highly capable partner.

Should you require any further information, please do not hesitate to contact us.

Yours faithfully,

Dr. Anthony Wambugu

C.E.O
